

4gb 64gb Handheld PDA Scanner Screen Interface Sim Card And Wifi Connectivity

Our Product Introduction

for more products please visit us on barcodingscanners.com

Basic Information

- Place of Origin: China
- Brand Name: HST
- Certification: Rohs
- Minimum Order Quantity: 1PC
- Price: 15-20USD
- Packaging Details: Carton
- Delivery Time: 7-10 days
- Payment Terms: L/C, T/T
- Supply Ability: 10,000 pcs/day

Product Specification

- Memory: RAM 4GB, ROM 64GB
- Shooting Pixels: Front 5M, Back 1.3M
- Coding System: PDF41, QR Code, Data Matrix, AZTEC, Etc.
- NFC: Supported
- Battery: Replaceable, 4000mAh
- Charger: 5V/2A
- USB: Type C
- Charing Time: <4 Hous
- Wifi: Supported
- Sim Card: Supported
- Highlight: **4gb Handheld PDA Scanner, 64gb Handheld PDA Scanner, type c scanner pda**

Product Description

Handheld PDA Scanner Screen Interface Sim Card and Wifi Connectivity

Description:

The **Handheld PDA Scanner** features a user-friendly screen interface that allows for easy navigation and data input. Users can interact with the device through the screen, making it intuitive to capture and manage data efficiently. Equipped with a SIM card slot, the scanner enables mobile connectivity. Users can insert a SIM card to access cellular networks, allowing the device to be used in various locations without relying solely on WiFi connectivity. Additionally, the scanner supports WiFi connectivity, providing users with the flexibility to connect to wireless networks. This allows for seamless data transmission, real-time communication, and access to online resources, enhancing productivity and efficiency. The combination of screen interface, SIM card, and WiFi connectivity in the Handheld PDA Scanner offers users a versatile and convenient solution for data capture, mobile computing, and online connectivity, making it suitable for a wide range of industries and applications.

Description:

Specification:

Memory	RAM 4GB, ROM 64GB
Shooting Pixels	Front 5M, Back 1.3M
Coding System	PDF41, QR CODE, DATA MATRIX, AZTEC, etc.
NFC	Supported
Battery	Replaceable, 4000mAh
Charger	5V/2A
USB	Type C
Sim Card	Supported
